Campus Basics: Mail, Keys, Copy Services, Office Space

- **Communication Center/Mailroom:** Mailboxes are located in CCSS-335, along with our main Switchboard. If you teach only at the Canyon Country Campus this semester, your mailbox will be here. If you teach at both the Valencia and Canyon Country Campuses, your mailbox will be at the Valencia Campus. For mailbox questions, please call x3831. A scantron machine is also available at the Communication Center for faculty use.

- **Keys:** All exterior door locks have been upgraded by Facilities. If you have a gray FOB key from the Valencia Campus, it has been programmed to unlock your classroom door(s) at the Canyon Country Campus. You will need the smaller round black FOB if you teach in either the Science Center or the Student Services Center. If your FOB key does not work, contact the Communication Center at x3831 or stop by CCSS-335. If you have not been issued a gray or black FOB key, one has been ordered for you. You may pick up your key at the Communication Center, CCSS-335. Please call the Communication Center at x3831 for assistance.

- **Copy Services:** Reprographic services are located in CCSS-336. A menu of available services is located at the counter. To send an electronic copy request to Reprographics, email cccrepro@canyons.edu. Please make sure to include the number of copies needed as well as any finishing requests in the body of the email to expedite processing. Allow at least one business day for print jobs to be completed. Also, please stop by to use our new self-service copier, open specified hours M-Th, as needed. Contact the office at x3831 for details.

- **Faculty Drop-In and Office Space:** Offices for full-time faculty members may be available in CCC-512, 700, and the Science Center. Please contact the Academic Senate or your department chair for current info. Drop-in cubicles are also located in CCC-507, 700, and the Science Center, and a forthcoming computer lab in CCSS-403. Please provide your office hours at CCC (if applicable) to the Communication Center so that they can best direct students. Also note that CCC-507 and the third floor Science Center have a refrigerator, microwave, and printer. CCC-507 also has a round table for meeting with students, and group study rooms in the Science Center are also available.

- **Takeda Science Center:** Info on the Science Center is noted throughout this letter, but please contact campus administration and/or David Vakil, Dean, School of Math, Sciences, and Engineering at david.vakil@canyons.edu or (661) 362-3078 with any specific questions. A FLEX workshop scheduled for August 15th at 12:30 pm will also provide additional details on this facility, classrooms, study & meeting spaces, as well as a brief campus tour.

To make/receive calls and texts on campus simply enable "Wi-Fi calling" on your phone (supported by most carriers) and connect to the wireless network (Canyons-Student, Canyons-Employee, or Canyons_Guest).
