Associate in Science for Transfer Degree: Public Health Science

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees(AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

- 1. 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
- a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education Breadth Requirements.
- b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- 2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Public Health. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:

Students will be able to demonstrate the core science and health education principles necessary to function in public health careers.

Program Requirements:

Units Required: 32-33

		Units:
HLHSCI-100	Health Education	3.0
HLHSCI-140	Introduction to Public Health	3.0
BIOSCI-100	General Biology	4.0
OR		
BIOSCI-100H	General Biology – Honors	4.0
CHEM-151	Preparatory General Chemistry	4.0
OR		
CHEM-151H	Preparatory General Chemistry – Honors	4.0
MATH-140	Introductory Statistics	4.0

OR MATH-140H	Introductory Statistics – Honors	4.0	
OR MATH-140X PSYCH-101	Statistics with Support Introduction to Psychology	5.0 3.0	
OR PSYCH-101H	Introduction to Psychology – Honors	3.0	
Plus eight units from the following two options:			
BIOSCI-201 BIOSCI-202 OR	Introduction to Human Anatomy Introduction to Human Physiology	4.0 4.0	
BIOSCI-204 BIOSCI-205	Human Anatomy and Physiology I Human Anatomy and Physiology II	4.0 4.0	
Plus three units from the following:			
ECON-201 ECON-201H ECON-202 ECON-202H HLHSCI-243 PSYCH-230 SOCI-101 SOCI-101H	Macroeconomics Macroeconomics - Honors Microeconomics - Honors Microeconomics - Honors Women and Health Human Sexuality Introduction to Sociology Introduction to Sociology - Honors	3.0 3.0 3.0 3.0 3.0 3.0 3.0 3.0
