

Certificate of Achievement Graphic & Multimedia Design

The Certificate of Achievement in Graphic and Multimedia Design develops students' creative and technical skills by providing hands-on training in current technologies. The two-year program prepares students for employment in graphic design, web design, design for social media, digital illustration, digital photography, art direction, interface design, motion graphics, graphic arts, digital video production and game design.

SLO: Demonstrate proficiency in the core skills and knowledge required for employment in a graphic and multimedia design position.
