

PROGRAM OF STUDY

Manufacturing Technology - CAD/CAM Certificate of Specialization

This certificate prepares students on CAD/CAM training using MASTERCAM specifically used in the automotive, aerospace, and manufacturing industries. Upon completion of the certificate, students will be able to work in the automotive, aerospace, and manufacturing industries as a CAD/CAM design engineer, machinist, CNC operator, or CNC programmer.

Student Learning Outcome:

Demonstrate proficiency in the core CAD/CAM skills and knowledge required for a variety of manufacturing industries.
