Associate in Arts Degree Graphic & Multimedia Design

The primary goal of the Associate in Arts Degree in Graphic and Multimedia Design is to provide students with a foundation of knowledge and technical abilities required for a position within the field of graphic and multimedia design. In addition to providing students with basic skills and competencies, course work is sequenced to facilitate transferability to an art or design program at a four-year university.

SLO: Demonstrate proficiency in the core skills and knowledge required for employment in a graphic and multimedia design position.
