

Associate in Science Degree: Nursing – Registered Nurse

Nursing science is an art and science incorporating knowledge from the behavioral, biological, and physical sciences. It has a holistic concept of health in which the physical, emotional, psychological, intellectual, social, and spiritual aspects of human functioning are interrelated, interdependent, and of equal importance.

Offered as an Associate Degree in Nursing with a program of clinical components in which the student cares for patients in the acute-care, sub-acute, and home setting. The program prepares the students to take the national licensure exam and for an entry-level Registered Nurse (RN) position in the health care setting.

Degree Student Learning Outcome:

Students will be able to

-Integrate the perspectives of the provider of care, manager of care, and member of the nursing profession into patient care situations.

-Function in the roles of provider of care, manager of care, and member of the nursing profession.
