## Reconnecting with our students- An Introduction to UndocuAlly Training-Part I

Hosted by the Dreamers Together Committee

Date: **Monday, August 15, 2022**

Time: **2:00 P.M. to 3:00 P.M.**

Presenter: **Elizabeth Hernandez, Ph.D.**

*Staff Psychologist, Counseling and Psychological Services,  
University of California, Los Angeles (UCLA)*

In this session, we will provide you with a common understanding of undocumented students in our system along with learned strategies and promising practices to support them. As a faculty/staff member, being aware of our undocumented students' distinctive circumstances and knowing where to direct them for help, can make a significant difference in their educational journey. It is important that as a campus community, we provide spaces for our undocumented students to feel that they belong and that they are welcomed at College of the Canyons. You will learn language, terminology, and the various resources that exist on campus.

### Learning Outcomes:

- Learn the various language definitions and what they mean (undocumented, DACA, AB540, etc.) and how they are sometimes used interchangeably;
- Examine the various common stressors of our undocumented college students;
- Develop a better understanding of the risks/benefits of coming out as "undocumented."
