# What led to this meeting:

**A successful Town Hall Meeting surrounding a discussion of anti-Black racism in healthcare. This was convened by the COC Nursing Department in the Fall of 2020, as a response to the COC Board of Trustees Resolution No. 2020/21-04 in support of COC's Call to Action to Enhance Equity and Pursue Anti-Racism.**

## What to expect:

Medical professionals discussing their experiences as people of color in healthcare and ways to be a better ally.
